A Message of Gratitude

Opportunity is a product of vision, planning and effort. Dreams become reality with desire, commitment and effort. When these paths intersect, lives can be affected in ways both large and small. In the case of the patrons of the Paralyzed Veterans of America Great Plains Chapter, it may be a child that uses a motorized wheelchair with specialized guards to play power soccer, or an adult working out in the Adapted Health and Fitness Center. To any regard, the ability to fulfill a dream and provide previously unavailable opportunities and experiences for these individuals has become a reality due to the commitment and support of many golfers, individuals, businesses and corporations involved with our event since 2003.

Our **Wheel of Fame**, honors the significant participants that have played major roles in helping make our event the success it is today. Through their consistent support and commitment, our event has enjoyed tremendous growth and success over these past years!

Our heartfelt gratitude is expressed not only in a thank you, but also in the smiles and enjoyment our members receive thru the fruits of your support!

Thank you for your participation today, and if you happen to see one of our Wheel of Fame members, please thank them as well!

Husch Blackwell

Husch Blackwell was invited to play in this tournament years ago by Jim Thompson. It only took one year for us to realize how impactful it was to the PVA members. We look forward to this event every year and are proud to sponsor an event that supports our veterans.

Husch Blackwell is a full-service business and litigation law firm. The firm has 25 offices in the U.S., including Omaha. The firm operates on an industry-centered approach, working across different practice areas to provide comprehensive representation to specific industries. The firm's industries of focus include education, energy and natural resources, financial services, food and agribusiness, health care, life sciences, manufacturing, real estate, technology, and transportation. HB Innovations, LLC is the firm's "internal development incubator" for legal technology, and it touts a portfolio of successful client solutions.

Linhart Construction

Linhart Construction, Inc. was established in 1987 specializing in Retaining Walls and Brick Paving. Our first notable job was the Brick walkway at the Downtown Conagra Campus. This opportunity was the foundation for Jim Linhart to establish what is now recognized as one of the leading Retaining Wall and Brick Paving Construction Companies in the Omaha Metro.

Linhart Construction, Inc. believes in community support and has a strong belief in the United States Military. We are humble and proud supporters of the men and women who have sacrificed so much for our country and are honored to be able to support the Paralyzed Veterans of America (PVA).

WHEEL OF FAME

Honoring businesses and individuals who have shown consistent and considerable support for our Tee Off & Support Wheelchair Sports golf tournament over its lifetime.

Tee Off & Support Wheelchair Sports

Thanks A Million!

This year, we surpassed \$1 million raised over the lifetime of this tournament to support our Adapted Sports & Recreation Program! This program has had a significant impact on the lives of our veterans, as well as adults and children in our community living with a disability. For some, the programs we offer have been life-changing.

THANK YOU for helping us make a positive impact on our community!

WE WANT TO HEAR FROM YOU!

Please email vazquez@greatplainspva.org to share your comments about our event. Your feedback is appreciated!
